The Central European Initiative Executive Secretariat (CEI-ES) is pleased to announce its new logo competition for the Initiative “Imagine” Active Young Citizens for Sustainable Development in Central European Initiative and Adriatic Ionian Initiative Areas - 2nd Call for Ideas and Award Competition. This logo will represent the Initiative in all official documents and communication tools and will be used for the future editions as well.

1. Background of Youth Initiative

The initiative “IMAGINE” - Active Young Citizens for Sustainable Development in CEI and All Areas” is designed to stimulate the engagement of youth in the framework of the United Nations Agenda 2030 for Sustainable Development.

It is promoted by the Central European Initiative (CEI)¹ and the Adriatic and Ionian Initiative (All)². The objective of this initiative is to raise awareness of the CEI and All countries’ high school students on the UN Agenda 2030 (UNA2030) and its 17 Sustainable Development Goals (SDGs) through a learning process and the participation in a Call for Ideas and Award Competition.

In particular, it aims at: encouraging the understanding of the principles and structure of UNA2030 and its 17 SDGs; advocating the role of young and active citizens, as key actors for the achievement of SDGs in CEI and All areas; stimulating the elaboration of community-based ideas promoting the SDGs through participation in the Call. The Call is thus designed to make the youth reflect on the contribution they could provide to the implementation of the SDGs at local level; it aims at elaborating ideas falling into one or more of the three UNA2030 dimensions: social sustainability, economic sustainability and environmental sustainability.
